Re: Reply to Election/Restrictions Requirement

Dear Mr. Gordon Baldwin,

I am sorry that I cannot read your communication in good time because I was on a business trip abroad.

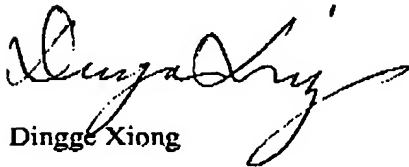

I think that the restriction requirement is right and the reasons given by the examiner are obvious.

I have made an election to the restriction requirement without traverse. I have elected the following invention:

Claim 1-5, are drawn to a product, classified in class 428, subclass 542.2.

Kindly give me your advice if my election is not proper.

Thank you very much.
